

# TREE OF LIFE CHARITABLE TRUST

Dear Friends,

I'm delighted to connect with you through this newsletter, and I look forward to sharing updates regularly. Thank you for your unwavering support, love, and care for our work. I am dedicated to serving our community affected by HIV and believe that I have been placed as a channel of hope for these individuals. In our mission, we embrace all, which is why we focus on three key groups: children, sexually exploited women, and the LGBTQ community.

I am truly grateful for your continuous support as we work together to spread love, care, and hope. Thank you, and may God bless you and your family.

Warm regards,  
Dayakar

## Testimony

Dear Brothers & sister,

I wish to share my journey with you. After becoming HIV positive, I felt isolated and unnoticed in my society. It was a lonely battle until I visited a medical camp run by Tree of Life. There, I had the opportunity to interact with children facing similar challenges. Listening to their stories deepened my empathy and ignited a strong desire within me to support them.

The organization offers hope through health checkups, medication, and groceries for these underprivileged individuals. A simple hug or smile can empower them to face their struggles. Let's pray for these brave children, that they may find salvation and embrace life to the fullest.

With heartfelt gratitude,

—One of Volunteer

## Monthly Medical Camp Summary

This month, we successfully held three medical camps:

### 1. Children's Camp

Location: Zion Fellowship Church, Kukatpally, Hyderabad

Attendance: 22 children and 24 adults

Support: Dr. Abhishek and Dr. Bharath provided assistance. We distributed symptomatic medication and supplements. After the camp, we provided nutritional support to 25 families

### 2. Sexually Exploited Women's Camp

Location: VMPWS Office, Karimnagar (26th)

Attendance: 8 women

Support: Dr. Vikas assisted in the camp. We provided medication and nutritional support to the attendees.

### 3. Transgender and MSM Community Camp

Location: MathrooChaya Organization, Mancherla (27th)

Attendance: 20 individuals

Support: Dr. Sumith helped at the camp. Each participant received symptomatic medication.

## UPCOMING EVENT

Mega Medical camps in Hyd,  
KNR & MNCL in December
